DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 8-9 and 16-19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Re claim 8, the phrase "the desired wire diameter comprises zero" is unclear and indefinite (i.e., the desired wire no longer exist since the diameter is zero).

Re claim 16, line 12, the phrase "exposed surface" is unclear since the active step(s) for forming the exposed surface is lacking.

Re claim 17, line 3, the phrase "the surface" lacks antecedent basis.

Re claim 18, line 3, the phrase "the surface" lacks antecedent basis.

Re claim 18, line 3, the phrase "the surface area" lacks antecedent basis.

Re claim 19, line 3, the phrase "the surface" lacks antecedent basis.

Claim Objections

3. Claim 3 is objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form. Re claim 3, the phrase "equal to the desired wire diameter" does not further limit the subject matter of the previous claim.

Reasons For Allowance

4. Claims 1-7, 10-15 and 30 are allowable over the prior art of record.
5. The following is an examiner's statement of reasons for allowance: Applicants' arguments have been considered in view of amended claim 1 and, subsequent to an updated search of relevant prior art, are persuasive. Therefore, these claims are allowed for reasons deemed to be of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

6. Claims 8-9 and 16-19 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
